

EGO 115 Goa: Cultural Perspectives

[4 credits, 48 contact hours]

Objective:

This course introduces students to the complex cultural fabric of Goa. The more complex the historiography of a state, the more complex is its identity construction. The superimposition of 450 years of Portuguese colonialism over the essentially Pan-Indian social base comprising Hindus, Buddhists, Jains and Muslims has rendered the small state of Goa a unique cultural fabric which is well reflected in many of its folk practices. The Post-Liberation scenario faced major issues such as the Opinion poll, Statehood, Language and Goan Identity.

Learning Outcome:

The outcome of the paper would be the sensitization of students to the cultural history of Goa. The students would be encouraged in conducting independent and interdisciplinary research on various cultural aspects of Goa. They would also be introduced to contemporary issues of Goa, as well as, thoughts about the future of the State.
