

MIC 205-P MYCOLOGY [P]
Practical Course Credit : 1
Contact Hours : 30

1. Study and Identification of fungi

1.1 Study of standard cultures:

A. Colony characteristics

B. Morphological characteristics

1.2 Identification:

A. Observation of colonial and morphological characteristics

B. Reference to identification keys

2. Fungal Genetics

Isolation of fungal DNA

3. Application of fungi for bioremediation

Fungal degradation of a plant polymer.
