

**Isolation and characterisation of Extremely Halophilic Archaea Producing  
Polyhydroxyalkanoates and Screening them for Antimicrobial Activities**

Dissertation Thesis

Submitted to Goa University  
In Partial Fulfilment of the Requirements  
For the Degree of  
Master of Science in Biochemistry

By

**Ms. Shristi H. Sharma (BSc)**

**(BC-18-011)**

Under the guidance of  
**Dr. Bhakti Salgaonkar**  
**Assistant Professor**

Department of Microbiology  
Goa University  
Taleigao Plateau-Goa  
2019-2020

## CERTIFICATE

This is to certify that the project entitled “**Isolation and characterisation of Extremely Halophilic Archaea Producing Polyhydroxyalkanoates and Screening them for Antimicrobial Activities**” submitted by **Ms. Shristi Hridya Sharma (BCC-2018-011)** being submitted to Goa University in Partial fulfilment for the Degree of **Master of Science in Biochemistry** Course in the academic year 2019-2020.

Place: Goa University

Date:

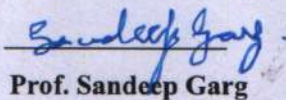

**Ms. Shristi H. Sharma**  
(Signature of the student)

**Dr. Bhakti Salgaonkar**
