CERTIFICATE

This is to certify that Dr. Pranay Morajkar, very successfully completed his research stay at the PTB, the National Metrology Institute of the Federal Republic of Germany from the 7th of May until the 7th of June 2018.

Professor Morajkar was invited to deliver a talk during our Workshop on "Gas phase chemistry of hydrocarbon oxidation" at the PTB which we highly appreciate.

We thank Dr. Morajkar, for the very good scientific discussions he had with the PTB staff, Doctoral students, Postdocs which have led to new ideas for our projects and new proposals.

We cherish the good collaboration we have had with him and his group and looking forward to enhancing this soon.

Prof. Dr. rer. nat. Dir. u. Prof. Ravi Fernandes
