Dear SCARLET AVA FERNANDES,

Further to the application (code MU18AC0655) you submitted to the MOBILE UNLIMITED Project, which Universidade do Porto is proud of coordinating, we would like once more to thank you for your interest in doing part of this excellent initiative promoted by the European Commission.

The selection process comprehended several steps:

1. Validation of applications: carried out by the home institutions; The invalid applications were immediately eliminated of the selection process, given that they did not fulfill the requirements established by the Erasmus+ Programme, by the project or by the home institutions;
2. Evaluation and ranking of the validated applications only: carried out by the host institutions, where all the aspects of the application were taken into consideration: quality of the academic record, veracity of the provided information and of the submitted documents (including the documents which prove the personal identification of the applicant), presented motivation, priority areas, etc.
3. Final selection: carried out by a Selection Committee at the University of Porto on the 28th of November with the goal of creating a final selection proposal of the applicants, considering in the great majority of the cases the applications accepted by the partner institutions which received a grade equal or higher than 80%, assigned by one of the chosen host institutions. The final selection process, having as its basis the academic merit and the motivation of each applicant, intended to reach, among others, the following goals:
 - a. respect for the mobility distribution approved by the European Commission and Portuguese National Agency;
 - b. balance among partner institutions regarding the number of mobility flows (*incoming* and *outgoing*);
 - c. gender balance (whenever candidates presented equivalent quality, priority would be given to the female candidate).

In this sense, it is with great pleasure that we inform you that you **have been selected** by the MOBILE UNLIMITED project to undertake a "Academic Staff" mobility, at Universidade do Porto - Faculdade de Letras da Universidade do Porto, Portugal.

Within the framework of this project, you will be granted the following support:

- travel expenses to the host institutions (two-way ticket);
- payment of health, accident and travel insurance during the mobility period and valid at the country of the host institution;
- monthly scholarship (student)/per diem (Staff).

Important: in order to start preparing your mobility period at your host institution, we kindly ask you to confirm if you maintain your interest in benefiting of the scholarship granted to you. This confirmation is made by filling in and sending the "Statement of Scholarship Acceptance", which is available in your scholarship holder page at the consortium website (<https://mobileunlimited.up.pt/>). After you login, by using the credentials created in order to fill on your application form, you must:

- choose the option "Mobility documents" in the menu;
- open the declaration, read it attentively and verify if the previously inserted data are correct;
- print the declaration and sign it (indicating the date);
- scan the already signed declaration and upload it in your personal page.

By signing this document, the scholarship holder formally declares that he/she accepts the scholarship and the conditions of the MOBILE UNLIMITED Project, staying engaged to the fulfillment of the mobility period.

This declaration, duly filled in and signed, must be uploaded in your MOBILE UNLIMITED personal page **until the 14th of November 2018. If we do not receive the documents until the indicated deadline, you will be immediately excluded from the MOBILE UNLIMITED Project.**

After you send us the Statement of Scholarship Acceptance and once the final deadline of the manifestation of interest is over, a set of very concrete and detailed information regarding all the procedures you must follow in order to correctly prepare your mobility period will be sent to you.

With our best regards,

MOBILE UNLIMITED Management Team
