Dear Madam,

Greetings!!

I am a member of committee Against sexual harrassment at Ganpat parsekar college of education harmal. And it's our keen interest to have a great session from you on "sexual harrassment at workplace" for staff and our T.Y students who will start their internship on 1st February 2018.

Madam, it's with great anticipation that I write to you requesting an informative talk on the various aspect of this unfortunately "social relevant" issue.

I understand that my communication may not be complete so please revert back with any queries.

In anticipation,

Kavitha Nair
